Shareholders who hold fewer shares may pool their shares until at least said number is reached, and may appoint a representative from among them.

IN-PERSON ATTENDANCE AT THE ANNUAL GENERAL MEETING

To attend the Annual General Meeting, shareholders must obtain the attendance card issued by the depository institutions or that the Company makes available to shareholders through its website (www.mapfre.com) in the section concerning the Annual General Meeting.

Shareholders (or their representatives) who attend the meeting in person must duly identify themselves to the MAPFRE services prior to the Annual General Meeting.

TELEMATIC ATTENDANCE AT THE ANNUAL GENERAL MEETING

The Board of Directors, pursuant to the authorization granted by Articles 8 bis and 16 of the Regulations for the Annual General Meeting, has authorized the following procedure for telematic attendance at the Annual General Meeting.

➤ Prior registration of shareholders and representatives

The Company will provide the Telematic Attendance Platform in the "Annual General Meeting" section of the "Shareholders and Investors" area of the Company's corporate website (www.mapfre.com), where instructions for remotely attending the Annual General Meeting will also be available.

Shareholders (or their representatives) who wish to attend the Annual General Meeting telematically must register on the Telematic Attendance Platform between 8:00 a.m. and 11:30 a.m. on the day of the Annual General Meeting (i.e. Friday, March 15, 2024, for the first call and, where appropriate, on the following day, Saturday, March 16, 2024, for the second call). After that time, no prior registration for exercising the right to telematic attendance shall be permitted.

Shareholders (or their representatives) must provide proof of their identity by means of an electronic identity document currently in force or by means of a recognized electronic certificate issued by the Spanish National Mint (FNMT), which has not been revoked. The Company reserves the right to request any additional means of identification from shareholders (or their representatives) as it deems necessary to verify their status as shareholders and to ensure the authenticity of the vote or proxy.

In order for legal entities with shareholder status to be able to register on the Telematic Attendance Platform and attend the Annual General Meeting remotely, the proxy who will complete the registration process on behalf of said shareholders must first prove their representation and identity. To do so, they must send the attendance card issued in the name of said shareholders by the Company or by the depository institution, duly completed and signed, along with a copy of the official document accrediting the proxy's identity and a copy of the document certifying the power that allows them to act on behalf of said shareholders, to the attention of the General Counsel, Carretera de Pozuelo, No. 52, Building 1, 28222, Majadahonda, Madrid, Spain, or to the email address juntageneral@mapfre.com at least 24 hours before the Meeting is held on first call. Upon receipt and verification of the documentation, the proxy may register and attend the Annual General Meeting telematically provided that they meet the access and identification requirements set out in the preceding paragraph.

In order for the representative to be able to attend the Annual General Meeting remotely, the proxy (unless the proxy has been authorized by electronic means) and the identity of the representative to the Company must be accredited by means of sending the proxy card issued by the Company or by the depository institution, duly completed and signed by the shareholder, along with a copy of the official document certifying the identity of the representative. They must be received by the Company, to the attention of the General Counsel at Carretera de Pozuelo, No. 52, Building 1, 28222, Majadahonda, Madrid, Spain, or sent to the email address juntageneral@mapfre.com at least 24 hours before the Meeting is held on first call.

Without prejudice to such accreditation, representatives must also register themselves in the Telematic Attendance Platform and be accredited as remote attendees under the same terms as the shareholders.

Once the shareholder (or their representative) has accessed the Telematic Attendance Platform, they may attend and vote in the Annual General Meeting through real-time remote means of communication. Likewise, people who attend telematically may follow the Annual General Meeting's entire agenda, which will be broadcast in real time through the Company's website www.mapfre.com, without prejudice to its recording and public dissemination through that page.

Shareholders' telematic attendance shall be equivalent to in-person attendance at the Annual General Meeting.

In the event that the Annual General Meeting cannot be held on the first call due to a lack of quorum, shareholders (or their representatives) must complete the registration process again in order to register as an attendee of the Annual General Meeting in the second call.

➤ **Exercise by the shareholders (or their representatives) of their rights to intervention, information, proposal and voting via telematic attendance**

- Rights of intervention, information and proposal

Shareholders (or their representatives) who attend the Annual General Meeting telematically and who wish to speak at the Annual General Meeting, to request any information or clarifications that they deem necessary regarding the matters on the agenda, or regarding the publicly accessible information that the Company has provided to the National Securities Market Commission since the last Annual General Meeting and Audit Report, they shall indicate, where appropriate, their intention to do so at the time of registration as provided for in the Telematic Attendance Platform.

Interventions, requests for information and, where appropriate, proposals, shall be sent in writing through the link established for this purpose in the Telematic Attendance Platform from the time of registration and until the time for discussion is closed, which shall be indicated in due course during the Annual General Meeting.

In the event that shareholders (or their representatives) wish for their intervention to be recorded in the meeting minutes, they must so state clearly and expressly in the heading of their written notification.

Requests for information or clarifications from shareholders (or their representatives) who attend telematically shall be answered verbally during the Annual General Meeting or in writing, within the seven days of the meeting having been held.

- Voting rights

Shareholders (or their representatives) who attend the Annual General Meeting in a telematic manner may vote on the proposed resolutions corresponding to the items on the agenda through the voting form authorized for this purpose in the Telematic Attendance Platform, from the time of registration to the time when the vote on the proposed resolutions is completed during the Annual General Meeting, which will be indicated in due course during said meeting.

During the Annual General Meeting, the casting of votes through telematic means for the proposed resolutions corresponding to items not included on the agenda shall be conducted via the voting form authorized for this purpose in the Telematic Attendance Platform, from the time of its reading so that it may be voted upon

until voting comes to a close, which will be indicated in due course during the Annual General Meeting.

➤ **Other matters**

- Revocation and priority rules: in-person or telematic attendance by shareholders shall prevail over votes cast remotely and proxies granted prior to the holding of the Annual General Meeting.
- Storing the electronic signature: Shareholders (or their representatives) are solely responsible for storing and using their electronic signature.
- Incidents: The Company shall not be responsible for any damage or harm that may be caused to the shareholder (or their representative) arising from the occasional lack of availability of its website, nor for faults, overloads, fallen lines, connection errors or any other situation of the same or similar nature that are outside of the Company's control, without prejudice to adopting the measures required in each situation, including any temporary suspension or postponement of the Annual General Meeting if necessary in order to ensure that shareholders or their representatives may fully exercise their rights.

REPRESENTATION AND VOTING BY MEANS OF REMOTE COMMUNICATION PRIOR TO THE MEETING

The Board of Directors, pursuant to the authorization granted by Articles 9 and 16 of the Regulations for the Annual General Meeting, has authorized the following procedure for the exercise of the rights of representation and voting by means of remote communication at the Annual General Meeting.

➤ **Right to representation**

The right to attend the Annual General Meeting may be delegated to another person, who may or may not be a shareholder. Representation must be conferred in a special capacity for each Annual General Meeting by any of the means outlined below.

➤ **Casting of votes**

Shareholders may exercise their right to vote, without the need to attend the Annual General Meeting, by using any of the following means. Shareholders who cast their votes in this way shall be considered present for the purposes of the constitution of the Annual General Meeting.

➤ **Means for conferring representation and for casting votes**

- The postal service

The representation/vote shall be conducted by filling in the attendance card issued by the depository entity or the attendance card made available to shareholders by the Company through its website (www.mapfre.com) in the section concerning the Annual General Meeting.

The original card, duly completed and signed, must be sent by postal mail to the registered office (Carretera de Pozuelo, No. 52, Building 1, 28222-Majadahonda, Madrid, Spain), for the attention of the General Counsel, accompanied by a photocopy of an official document certifying the identity of the shareholder. In the case of a legal entity, a copy of the document that accredits the representation of the individual signing the postal voting form on its behalf must also be sent.

- Via the Internet through the Company's website

Delegation of representation/casting of votes may be made electronically through the system provided for this purpose on the Company's website (www.mapfre.com). The website explains in detail the procedure to be followed by shareholders in order to exercise these rights. Shareholders must provide proof of their identity by means of an electronic identity document currently in force or by means of a recognized electronic certificate issued by the Spanish National Mint (FNMT), which has not been revoked.

➤ **Common rules for the exercise of rights of representation and voting by means of remote communication**

- Rights of representation and attendance: Shareholders exercising their rights of representation and voting by remote means of communication must have their shares entered in the corresponding Accounts Register five days prior to the Annual General Meeting.

- Legal entities with shareholders status: Shareholders who are legal entities and those who are not residents of Spain must contact the company via the email address juntageneral@mapfre.com to inquire about the possibility, where appropriate, of adapting the voting and delegation mechanisms remotely to their peculiarities with due guarantees.

Likewise, for legal entities with shareholder status, the Company reserves the right to require evidence of the sufficiency and validity of the power of attorney of the individual acting on behalf of the shareholder.

- Time limit for receipt by the Company: in order to be valid, votes conferred by any of the aforementioned remote means of communication must be received

by the Company at least 24 hours in advance of the Annual General Meeting being held.

- Revocation and priority rules: representation and voting by remote means are always revocable and must be revoked expressly and through the same means used for their issuing, within the time limit established for the said issuing.

The shareholder's in-person or telematic attendance at the Annual General Meeting shall render null and void the vote or delegation of representation that had been communicated to the Company by any of the aforementioned means of remote communication. No more than one representative shall be allowed at the Annual General Meeting.

Likewise, voting will make any proxy (electronic or postal) ineffective, whether it be prior, which will be deemed revoked, or subsequent, which will be deemed not executed, regardless of the means used to cast the vote. In the event that the shareholder cast various votes of different outcomes, or several proxies, electronically or by mail, the vote most recently cast will prevail.

- Completion of the attendance card: In the event that the attendance card does not indicate the outcome of the shareholder's vote, it shall be understood in any case that the shareholder votes in favor of the proposed resolutions made by the Board of Directors for each item on the Agenda published in the notice of meeting.
